

A Sacred Trust

Membership in "PSYCHIANA" carries with it a sacred trust. This whole world is heading towards disaster and there is only one thing which can prevent this disaster from speedily striking and annihilating humanity. It is not in the cards for any one man, or any two men to conquer and subdue the rest of the world by brute force. Even if it were possible, only a mad-man with a ruthless disregard for both God and humanity would try it. It is being tried today. There are individuals on earth who have conceived in their disordered brains, a dream of total world empire. And they think they can achieve that with tens of thousands of bombing planes and other implements of annihilation.

But they are mistaken. They are reckoning without the invisible Spirit of God, which Presence is now on this earth, waiting for men and women through whom it may manifest. Herein lies YOUR responsibility. We have the true picture here in Moscow, Idaho, and we know how to bring these "dictators" to their knees. The answer is comparatively simple. The whole force behind their mad schemes is a force of evil. Evil can only be overcome by a good force. The only good force on the earth today is the Spirit of God. This great Spirit, however, is very abundantly able to stop these mad "dictators" dead in their tracks, and will do so when sufficient men and women, knowing the Power of the invisible Spirit of God, throw their weight against these mad schemes. This is where YOU come in. You KNOW that the invisible Spirit of God actually exists, and the exercises you are doing are manifesting that Power in your life.

Each day will demonstrate more and more of the invisible Power of the God IN YOU. As you GIVE OUT that Power—MORE WILL COME TO YOU. It is therefore your absolute DUTY to see that all of the Power of God possible is allowed to manifest in your life. The Founder of this Movement has the correct Spiritual insight to enable him to cope with this world-emergency, and without resort to bombing planes and other devilish human inventions. You may depend absolutely on his leadership. We want you to follow. Not in a thousand years does a religious Movement of the Spiritual import of this Movement happen. It is not necessary. But, now that the New and True Conception of God is being brought to the earth for the first time, a sacred trust is involved in membership with us. We must know absolutely how many of our Students are 100 per cent with us in our efforts to bring to a desperate world the true picture of God. We are depending on each one of you. Please—spend at least 15 minutes every day waiting on God.

Keep absolutely quiet. Continue the affirmation we have given to you. Then, in those moments of waiting upon God, let your thoughts intently rest upon an imaginary picture of Hitler. You know what he looks like. Then, when you have this mental picture before your mind's eye, just quietly direct your thoughts, which in reality are "God-Thoughts," to that man. A spirit of infinite love should be in you. It may be hard to love such a man, but if you are in tune with the Infinite Spirit of God, it will be easy. Then, in that Spirit of Infinite Love, just quietly send out one thought—"YOU ARE OPPOSING THE SPIRIT OF GOD—YOU WILL LOSE." Do that for about 15 minutes daily. Never mind your own progress too much. DO SOMETHING FOR THE WORLD THROUGH THE SPIRITUAL POWER OF GOD. If every Student will do this every day—SOMETHING WILL HAPPEN, I PROMISE YOU. For the man does not live who can successfully oppose the Living Spirit of God. Something will happen which will bring this man to his knees, and without the firing of a single shot. Leave the method to the Spirit of God. There will be no world war if you all will do this. Will you? Of course you will. Thank you.

Yours cordially,
