The "PSYCHIANA" Movement is a non-profit religious Movement operating under Idaho religious charter. No one connected with the Movement receives more than salary and necessary expenses. Its whole aim is to bring to men and women a new conception of God, which conception is daily manifesting its power in thousands of lives. Marilyn Allen's Challenge

Atlanta, Ga., Aug. 30th, 1940

Dear Dr. Robinson

I have noticed that Dr. Robinson is having to do considerable "talking" from time to time in the WEEKLY as well as in the Lessons, because he needs \$100,000 in order to start the Psychiana "Blitzkrieg" for God. And yet Dr. Robinson is essentially a man of action, but we, his followers, are forcing him to talk and urge us to back him up financially, when his time and energy might be better devoted to the actual work 'for which he is called.' . . . This should not be: it reminds me too much of the way the preachers in the churches have to beg for money!

I have been thinking about this thing, and waiting and wondering why somebody else who has much more money than I have, doesn't come forward and gladly offer the necessary funds for Dr. Robinson to carry out his program.

Then it occurred to me that perhaps, after all, I am the one to take the initiative in this direction.

I work for a living and have my responsibilities, the same as the rest of you: I have made regular monthly contributions for several years to Psychiana, gradually increasing the amounts: I now have \$100 saved up with which I had intended to buy a Government bond.

I have decided to send that \$100 to Dr. Robinson, and to call upon other students to make the same sacrifice, denying themselves, if necessary. I firmly believe there are easily 999 other students out of Psychiana's large membership who can, and will, send a check for \$100.

Unless Dr. Robinson, or someone else, succeeds in changing and enlightening the minds and hearts of our people, and thereby avert the dangers that threaten us, our money isn't going to do us any good anyway: so it might as well be spent in a good cause, while there is yet time.

The only thing that will save us now is the right kind of thinking, and then translating it INTO ACTION.

I challenge the Psychiana student membership, and friends, to see how fast they can raise the needed sum of \$100,000. And I am betting on them to the tune of my own hard-earned \$100, check for which is enclosed herewith.

Sincerely yours,

Marilyn R. Allen

"PSYCHIANA" SPIRITUAL BLITZKREIG

Brief History of the Movement.

Twelve years ago, in the little City of Moscow, Idaho, the "PSYCHIANA" Movement was born. I was working in the Corner Drug Store at the time. For many years I had tried in vain to come to a conscious recognition of the invisible Power of God, for I actually believed such a Power to exist, although I had never found anyone who had found such a Power. I tried church after church. I listened to what they had to say, and I followed their directions for finding God. In every instance, however, I was plainly told that no one could actually and literally find God while on the earth—that would come later—after death. I did not believe this, and, through days, weeks, months, and years, I sought for God alone. One day, after years of heart-rending search, I saw the Light. I found God, and as a result of finding God, there came into my life a Power such as I had never known before. Borrowing a few hundred dollars, I inserted an ad. in a magazine, and inside of one year from that day, the Teaching I had written was being sent into 67 different countries.

The same Power I found, was also found by scores of thousands of men and women all over the world, as their letters testify. Today, we are receiving more such letters than we have ever received before. The True Power of the True God is being made known to the world. This Power it is which will stop Hitler. It is probably the only Power that can stop him. If Hitler, Mussolini, Red Russia and Japan decide to destroy this fair land, no Power outside of the Power we are teaching (the Power of the Spirit of God) can stop them.

We are face to face with the real thing now. All the powers of hate, murder, injustice, and despotism have headed up in

one man. No earthly power will stop that man. It is a battle of the forces of right (God) against the brutal destructive forces of hate and murder. It is a battle to the death. Hitler will go to his doom—there will be much suffering first though. One thing I discovered my search for God was that, in following the prescribed formulae of religious institutions, I had been on the wrong track. After years of research I discovered that God—that Great Spirit of all Creation—exists not only for us all, but IN us all. I found out that stories of virgin-births, bloody crucifixions, resurrections, atonements, sacrifices, etc., were only holdovers from old systems of religion which we of today call “pagan or “heathen.” Nothing any religious organization has today is original with that organization, for every fundamental of what we have been taught as “truths of God,” was known to pagan systems of religion thousands of years before.

The fact is that the Eternal Spirit of all Creation—God—exists, and has always existed IN EVERY LIVING CREATURE. Religions have, without exception, separated man from God, and as a result of that separation, we have a world of hate, murder, wrath, and despotism. Had the Power of God ever been known on this earth, such world conditions as we now witness could not possibly exist. Believing then, that only the existing Power of the Great Spirit of God can bring order out of chaos, right out of wrong, and peace out of war, we of the “PSYCHIANA” Movement have brought into existence the “PSYCHIANA” Spiritual Blitzkrieg. Right now, in every State in this Union, thousands are, four times daily, throwing the actual and literal Power of Right (God) against the powers of wrong, as these powers are being manifested today by such men as Hitler. It's a simple thing once one gets the true conception of God. God is the Spirit of invisible Life, Love, Peace, Justice, and everything right and good. THAT POWER MUST LIVE AND EXIST IN EACH ONE OF US, AND FURTHERMORE, EACH ONE OF US MUST BE ABLE TO DRAW UPON THAT GREAT POWER. That is the simple teaching of “PSYCHIANA.” It brings man and God together.

The “PSYCHIANA” Movement operates entirely by mail. It advertises its religious findings in newspapers and magazines all over the world. During the twelve years of its

operations, it has made an indelible mark on religious history, for men and women are, for the first time in their lives, FINDING THE POWER OF GOD IN THEMSELVES INSTEAD OF "ABOVE THE SKY". Surely, with all the Power of God freely available to all, this Power can be used by all to bring to this earth permanent peace. IT IS A CASE OF THROWING THE ACTUAL POWER OF THE SPIRIT OF GOD AGAINST WORLD DESPOTS, and no theory of present day theology can do that. This world needs a POSITIVE, ACTIVE, PULSING RELIGION, and, through the indwelling Power of God in us all, we of "PSYCHIANA" have started a world Movement which will effectively drop every power or force which is not of God, or the Right. The secret of true religion lies in acknowledging and realizing the fact that God and man NOW LIVE TOGETHER, THE ONE WITHIN THE OTHER, RIGHT HERE ON THIS EARTH. WHEN MAN THEREFORE THROWS THE POWER OF THE SPIRIT OF GOD, IN HIM, AGAINST WORLD DESPOTS, THOSE DESPOTS HAVE TO FALL.

The "PSYCHIANA" Blitzkreig operates simply. Four times daily, each one, visualizing a picture of Hitler, throws the Power of God against that man, consciously, by repeating several times: "THE SPIRIT OF GOD WILL BRING YOUR SPEEDY DOWNFALL". That this has had its effect is evidenced by a look at what Hitler threatened, and what he has been able to accomplish. No man alive can stand against the Power of God when intelligently used against him. So much has been accomplished for God since "PSYCHIANA" came into existence, that we feel it our bounden duty to make every effort to bring these great truths of God to the world as rapidly as we can. Outstanding national magazines and newspapers have given this Movement much publicity, and there can be no question but what the infinite Creative Spirit—God, is being made known to the world through our efforts.

We need at least \$100,000. We can use five times that much—not for any individual, but for the sake of a humanity which is threatened by forces which deny the existence of God. If these forces are not checked, what we know as civilization will perish. The "PSYCHIANA" Spiritual Blitzkreig should be brought to the attention of all America. We

should be in a position to provide our Lessons free to those unable to pay for them. Our advertising appropriation should be trebled. Surely, with billions being spent for instruments of destruction, and hundreds of millions being loaned to other nations—surely, there must be somewhere, the sum of \$100,000 with which to put the "PSYCHIANA" Spiritual Blitzkreig all over America. I am not much of a beggar. Regardless of what sacrifice anyone makes to help make this sum available, that sacrifice cannot be as great as the sacrifices I have made for this Movement. I shall only make this one appeal. Perhaps you can do more than Miss Allen did, perhaps you can do less. But whatever you can do, may I ask you to do it now. If I can get this true conception of God to this country, and I can, Hitler and other despots will have to fail and go down under the superior Power of the Great Spirit—God. You see that as well as I do I am sure.

Will you then, whoever you are, duplicate what Miss Allen did? If you cannot do that much, do what you can. If you can do more than that, will you? Remember, I am not asking for myself—I am asking financial help to bring to this nation the actual truths of God, and to stop Hitler by throwing the Power of God against him. If everyone who receives this letter will make a bit of a sacrifice, the needed sum of \$100,000 will come in. Please use the enclosed form in making your gift. Make it gladly and freely. No other Power can bring peace to this earth—it must be the Power of the Great Spirit God.

Cordially

Frank Robinson
